

“I find that condoms are too tight”

“Condoms tend to slip off during or after I have sex”

“Why use a condom? You won't feel anything!”

“They smell rubbery and taste horrible”

Many concerns that people have with condoms do have solutions, read on and be an educated condom user:

- A wider, flare headed condom that tapers out towards the base to provide a more comfortable fit
- Ideal for those who find traditional condoms too restrictive

Liberty

- A defined, anatomically shaped condom
- Shaped head and contoured neck to help prevent slipping

Definition

- Contoured shape, with a series of ribs on the head and the shaft of the condom
- Combines comfort, security and fun

Extra Ribbed

- A straight shaft condom for those who prefer the traditional style condom
- Non-spermiocidally lubricated

Passion

* Liberty, Definition and Extra Ribbed are available with or without spermicide *

- 6 Different flavoured/coloured condoms
- Straight shaft
- Non-spermiocidally lubricated

Flavours

- A wider, longer condom designed for those who find standard condoms too restrictive
- Straight shaft
- Non-spermiocidally lubricated

Extra Large

- Greater strength for additional reassurance
- Straight shaft
- Non-spermiocidally lubricated

Extra Strong

All Condomania Condoms are:

- Specially manufactured to decrease the risk of allergy by a process that reduces the level of protein in the latex
- Produced to an enhanced formula that creates a silk-like latex
- Vegetarian Society approved. Suitable for both Vegetarians and Vegans

Non-spermiocidally lubricated

CE 0120
